WALLWORKS NEW YORK
Quarantine Coloring Book

Thank you for downloading our FREE coloring book for kids to help keep them entertained and creative during this time of social distancing! We gathered art drawings from some of our artist friends here to print out, make your own, and hang up in your rooms.

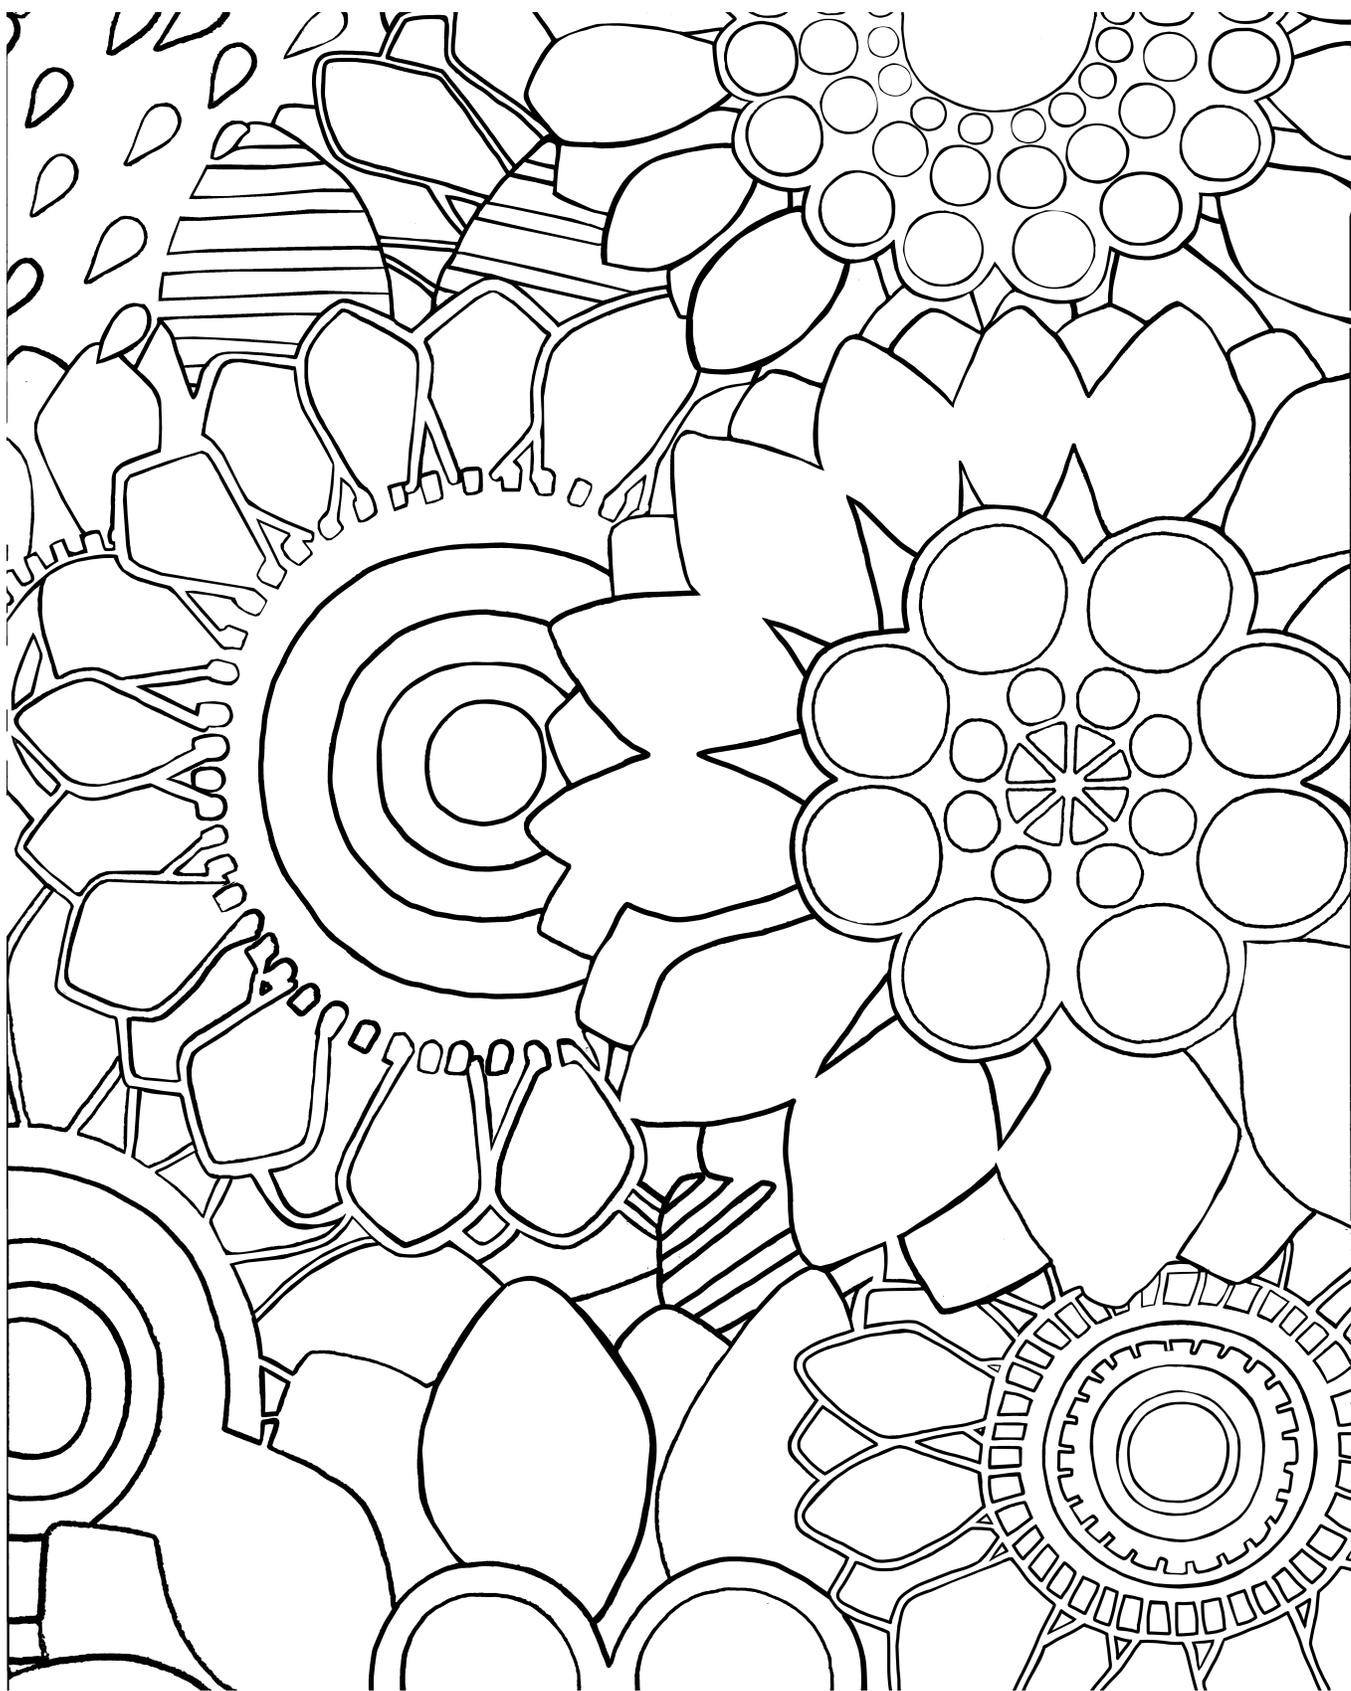

Please note these drawings are not originals or one of a kind works. They are not signed or dated by the artists. There is no edition. The artists still own the copyright of their work and if any of the downloaded images are used in any way other than the intended personal use, legal action may be taken. Images are not to be used for any commercial use.

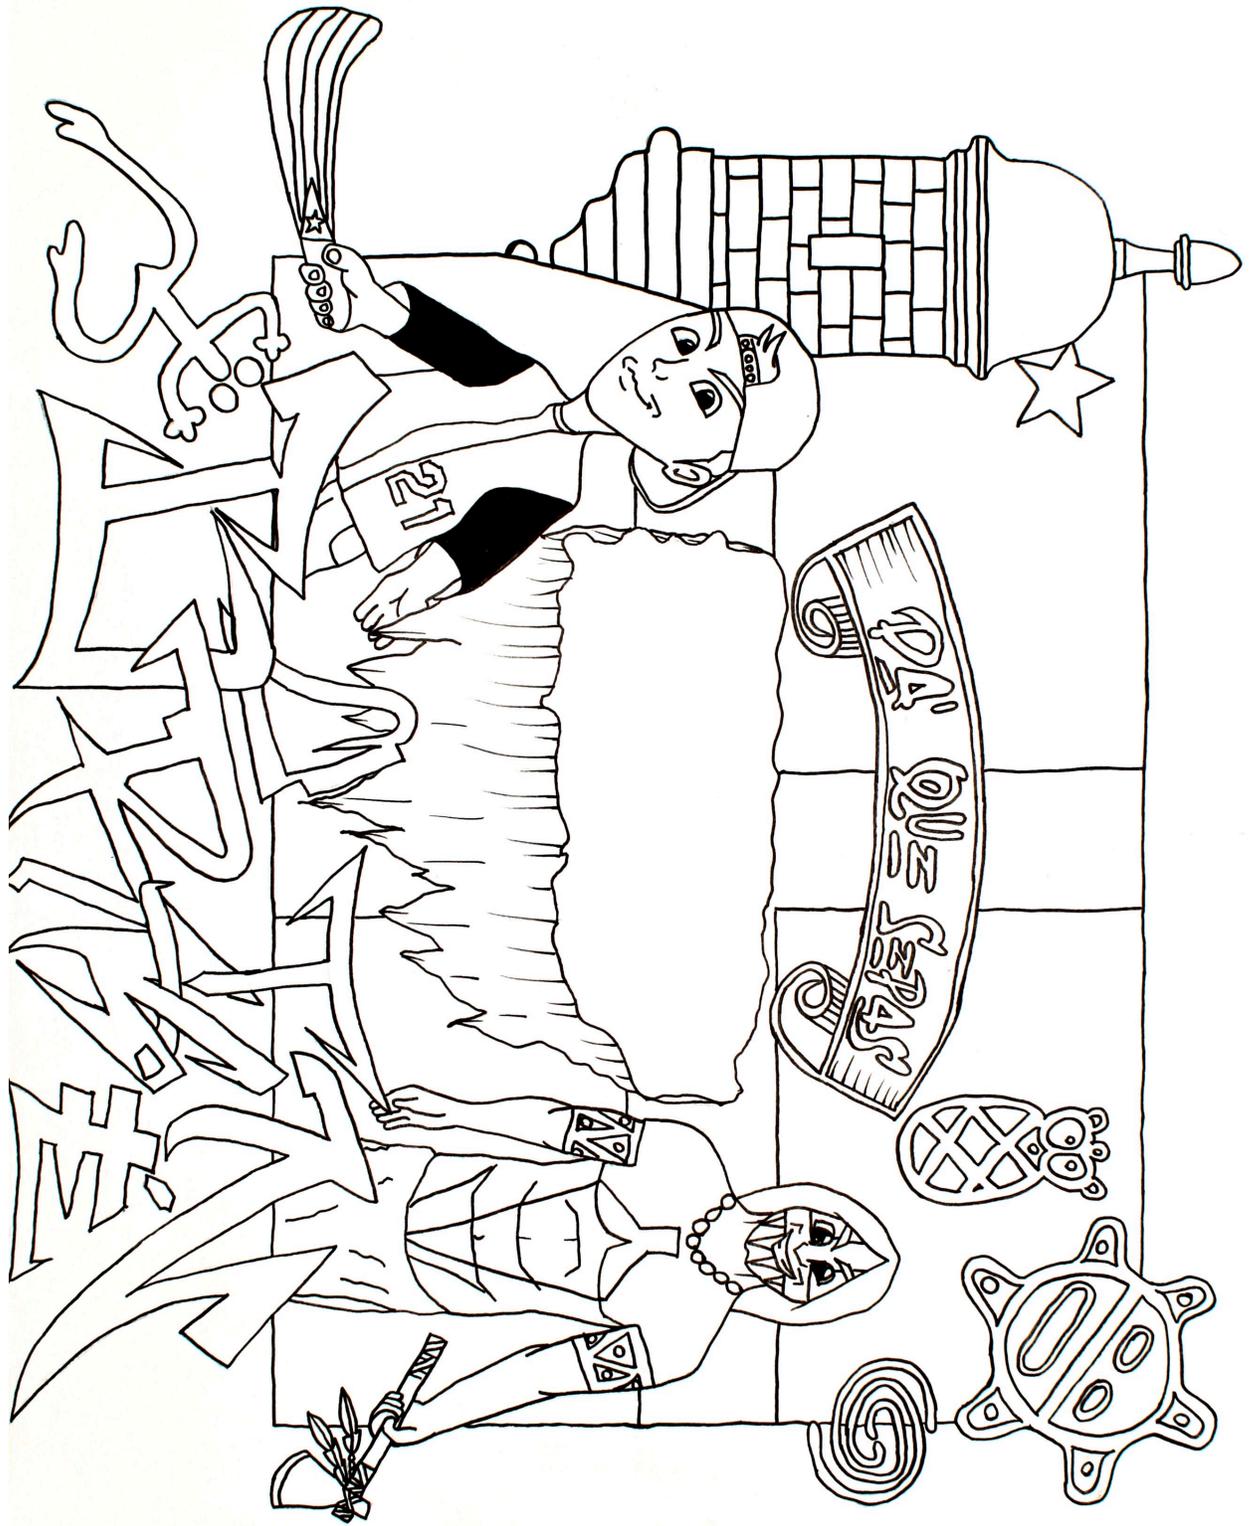

To learn more about these artists or WALLWORKS NEW YORK, please visit our website wallworksny.com and our social media @wallworksny and tag our artists in your posts (their IG handles are listed below their images)!

Featured Artists:

ABSTRK

THANK YOU to all the artists who agreed to be in our coloring book. We hope this can help you all during this unprecedented time. It's during these times of adversity and hardship that creativity strives to bring us all together and help us make sense of the insanity around us.

Please consider supporting artists and creatives if you are financially able to do so. Each artist, creative, gallerist is a small business.

We also want to especially recognize any of you using this coloring book who are essential workers. Medical field workers, government agency workers, grocery store and pharmacy workers...you are the true heroes of today and sincerely thank you so much.

Take care and stay safe out there,

The **WALLWORKS** NEW YORK team

John CRASH Matos
