*"All the things we are afraid to do are the things that make us human.  
We are trying to bring that humanity back, and give people hope."*

### **WHAT IF KINDNESS GOES VIRAL?**

What if a novel strain of Corona Kindness were as infectious as COVID-19? What if we conquer Corona because #KindnessBeatsTheVirus?

These questions inspired Thrive Collective's students and artists to launch Kindness Beats the Virus at the outset of the Coronavirus pandemic in New York City. "The Wildstyle Coloring Book," curated by artist legends Bio, Crash, and Sonic and co-produced by WallWorksNY, has been one platform for artists from around the world to contribute to our shared healing from this global trauma.

The overwhelming response to Volume 1 gave rise to this Volume 2. Just days before we planned to publish this issue, America's original sin, the virus of racism, robbed George Floyd of breath. We delayed the release in his honor.

Shared trauma creates opportunities for shared healing. Our most human instincts require connection to process pain and heal in community, whether from COVID-19, or racial violence.

### **HELP KINDNESS GO VIRAL.**
